

The Proper Wearing Of The Academic Hood

Upon receiving your gown and academic hood, you'll want to put it on to admire your distinguished and refined look. Once the gown is on, the proper wearing of the hood is an essential part of the overall prestigious look.

1. Place the hood around your neck and shoulders so that the major portion hangs down the back and the velvet is up.

2. Fasten the cord in front of the hood to your shirt, dress or gown to keep the hood away from your neck.

3. From a frontal view, the velvet border should be closest toward your neck.

4. Fasten the cord to the buttons that are at the top back of the hood. The cord helps to keep the hood in place to show the lining.

5. To expose the lining, turn the velvet border to the outside as shown in Blue and White.
